Response to Arguments

Applicant's arguments with respect to claims 1-8 21 and 22 have been considered but are moot in view of the new ground(s) of rejection.

Election/Restrictions

Newly submitted claim 22 is directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Although claim 22 has now been found to have support in the original specification, it is directed to a different invention than the originally reviewed claimed invention.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claim 22 is withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Allowable Subject Matter

Claims 1-8 and 21 are allowable.

Conclusion

This application is in condition for allowance except for the following formal matters:

Claim 22 is withdrawn from consideration, as being non-elected, due to the election by original presentation described above. This claim must be cancelled for the case to be in condition for allowance.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
